

CHERRY BLOSSOMS

– JAPAN BY RAIL –

- experience the beauty of Japanese nature and culture -

Tuesday 24 March – Thursday 9 April 2026

Join us for one of our most interesting tours to Japan – a fifteen day tour to view cherry blossoms on the Japanese islands of Kyushu and Honshu. Enjoy four nights in **excellent hot spring (Onsen) resorts in beautiful ryokans** in Kyushu and Mie. Even if you've been to Japan before, you'll visit different locations and have a **deeper cultural experience**. Planted in places of great beauty and often marking special events, the cherry blossom trees become the most important trees in Japan during March and April. With the north/south geography of Japan, the nation's climatic range sparks a massive cherry blossom flowering that sweeps from the southern tip of Kyushu, through to the north of Honshu. The blooming of the blossoms becomes a national event, with websites and news reports monitoring the state of flowering in each location. During sakura – the period of cherry blossoms – the Japanese people celebrate a tradition known as hanami – cherry blossom viewing picnics. Whether we're in central Tokyo, or remote Kyushu, we'll join with the local Japanese people to celebrate sakura.

Travel first class on the high speed 'Shinkansen' trains – making your journey very comfortable. Enjoy **special scenic rail journeys** – the 'joyful train' **Yufuin-no-Mori** through the Kyushu Highlands. Experience **themed resort trains** and more. The itinerary will respond where possible to the best cherry blossom locations as the weather dictates, and we will do so enjoying the comfort and convenience of the Japan Rail system – arguably the finest rail network in the world.

A range of accommodations from modern city hotels, convenient simpler business hotels and **luxury Japanese traditional ryokans with ocean view**. We've included meals when it is prudent, and for special locations, but also provided freedom to dine when, with whom and where you wish. Taste **local cuisine at 'izakaya' restaurants** and **fine traditional (Kaiseki) dinners** featuring local produce.

The tour is led by Japanese speaking expert **Takako Ishige** and **Owen Johnstone-Donnet**, who have designed and organised the tour. We are proud and passionate about our tours - we make it possible to experience the real Japan, visiting **not only iconic cities and sights, but also 'off the beaten track' small villages**, meeting local people. The tour is limited to 20 guests – we look forward to you joining us on this special journey around the land of the rising sun.

Tuesday 24 March 2026 - to Japan

Begin your experience of Japanese culture aboard a daylight flight from Sydney to Tokyo's Narita Airport with Japan Airlines, or from Melbourne or Brisbane with Qantas to Tokyo, then transfer to our Tokyo hotel for overnight. Alternatively fly overnight from Australia to Tokyo with Qantas or All Nippon Airlines. A transfer from the airport to our hotel is included. Overnight Tokyo or aboard the flight to Japan.

Wednesday 25 March 2026 (B/LL/D) – Tokyo cherry blossom sights – Chidorigafuchi, Shinjuku Gyoen and more

We'll visit the best places to view cherry blossoms during our day of sightseeing – our day may include visits to **Shinjuku Gyoen**, **Yasukuni Shrine** and **Chidorigafuchi** - the latter featuring more than one thousand cherry trees planted along the edge of the moat of the palace - we will enjoy the walk along this historic site, constructed in the early Edo Period. When in bloom, the pedestrian path is covered with the blossoms, and a gorgeous tunnel of flowers creates an especially magical atmosphere. Stroll around **Omotesando area** and enjoy the stylish environment imbued with fashion, arts and culture. We've organised a simple picnic luncheon – freshly made '**Onigiri**' - a rice ball (like a sandwich for us) - portable and easy to eat. Normally made with white rice, today ours is with 12 organic grains - healthier and tastier. Towards sunset view Tokyo's skyline from the elevated 'Yurikamome'. Enjoy our first **group dinner** and overnight Tokyo.

Thursday 26 March 2026 (B) – a mystery day on Honshu

Today we will take you to a mystery location that highlights a special experience or landscape, depending upon weather and flora. A surprise day in Japan ! Dinner at leisure and overnight Tokyo.

Friday 27 March 2026 (B) – High speed train (the Shinkansen) to Kagoshima, Kyushu

Today we commence our rail experiences with the 1,450km journey from Tokyo to Kagoshima aboard the **excellent Japanese 'Shinkansen' service**. Running at speeds of up to 320 km/h, the Shinkansen is known for punctuality (most trains depart on time to the second), comfort, safety and efficiency. We break our journey at Shin Kobe station. You can stretch your legs, purchase a **bento box** for lunch, as well as experience a short walk near Shin-Kobe. We continue our journey south to **Kagoshima** - Kyushu's southernmost major city and the capital of Kagoshima Prefecture. The city is often compared with its Italian sister city Naples, due to a similarly mild climate, palm tree lined streets, and nearby geological activity. As we arrive at Kagoshima Chuo, we transfer to our hotel for next three nights next to the station. Enjoy dinner at one of the excellent local restaurants. Overnight Kagoshima.

Saturday 28 March 2026 (B/L/LR) – Sakurajima, Meiji Restoration museum, Kiriko factory, Senganen garden

Today we explore the city of **Kagoshima**, which played an important role in Japan's modern history. In the local museum we'll learn of the **Meiji Restoration**, and at the **Satsuma Kiriko factory** – see cut glass produced by the Satsuma clan from the final years of the Edo period to the beginning of the Meiji period (1868–1912). From 1985 a glass factory, an artisan, and a researcher together succeeded in reproducing Satsuma Kiriko. Explore the beautiful **Senganen Garden** with views over Sakurajima Bay. Around sunset we board a ferry to Sakurajima Island, looking back over the city of Kagoshima. Known as the 'Naples of the Orient' the city boasts palm trees, wide boulevards and wonderful seaside ambience. Explore and dine at one of myriad restaurants in this vibrant and colourful city - many small, local restaurants specialise in local Kyushu foods. Overnight Kagoshima.

Sunday 29 March 2026 (B/L) – Yufuin by shinkansen and special tourist train

A day exploring the central highlands of Kyushu - JR Kyushu has created rail experiences that are designed to make the trains as interesting as the countryside through which they travel. The **Yufuin no Mori** was the first foray into this now popular trend. We travel north by shinkansen, then join the special train - we skirt the western and northern edges of the Aso-Kuju National Park - home to volcanic peaks and fantastically shaped terrain, steamy hot springs, virgin forests and vast pastoral grasslands filled with flowers. Mount Yufu (visible when we get close to Yufuin.) Yufuin onsen resort is a popular hot spring resort with a wealth of art museums, cafes and boutiques – as you will experience, many travellers come to the village just to stroll about for the day. Enjoy luncheon and some time to explore at leisure, before returning south, with dinner at leisure. Overnight Kagoshima.

Monday 30 March 2026 (B/L/D) – scenic rail journey to Ibusuki, Museum of ceramics, Ryokan and sand bath

After breakfast we join the **Limited Express Ibusuki no Tamatebako** - the train's name comes from the legend of an undersea kingdom called Ryugu which has been handed down to Ibusuki, affectionately known as "Ibutama". We enjoy a one-hour coastal journey with **grand views of Sakurajima Island and Kinko Bay**. Ibusuki is famous as an onsen town that is known for its hot sand baths, where bathers are buried in naturally heated sand. We visit **Satsuma Denshokan Museum** - a spectacularly designed museum that introduces the history of Satsuma (modern day Kagoshima) around the beginning of the Meiji Period (1868-1912) with a focus on local ceramics. A simple but **excellent Italian luncheon** is enjoyed in the Museums restaurant. Our accommodation is at **an excellent local ryokan, with traditional rooms and fine food**. Ibusuki is surrounded by sunshine, sea and land, and is a treasure trove of rich sea and mountain food. Our meal tonight is a seasonal taste of the surrounding local foods – after a refreshing **sand bath** (O) in our hotel's private beach area. Overnight Ibusuki.

Tuesday 31 March 2026 (B/D) – to Hiroshima and Peace Park Museum

This morning we check out of our hotel and leave the island of Kyushu and head to **Hiroshima**. We join the local rail service and travel to Kagoshima Chuo. We've time to collect lunch, before joining our Shinkansen for the journey to Hiroshima. After leaving luggage at our hotel, we head to the **Peace Park** and **atomic bomb site** - there are about 300 cherry trees planted around the park especially along the river – and along with the monuments and paper cranes, they stand as a testament to world peace. The **Peace Museum**, A-dome and extensive memorials in the park at the confluence of two rivers are a sombre reminder of the effect on the citizens of Hiroshima. A simple local dinner is included of the regional speciality – okonomiyaki - and overnight Hiroshima.

Wednesday 1 April 2026 (B) – Miyajima and Itsukushima Shrine Iwakuni , Kintaikyo Bridge, Kikko Koen

After and early breakfast we head to to **Miyajima Island** to see this stand out attraction – with its famed red Tori Gate floating on the inland sea. Boasting the fine Itsukushima Shrine, along with myriad other temples and pagodas, its popularity is testament to its beauty. We return by ferry to Miyajimaguchi, then catch the local train to Iwakuni and visit **Kintaikyo Bridge**, which has been Iwakuni's most distinguished landmark and a subject of admiration for hundreds of years. Completely made of wood and without the use of any nails, the bridge makes five bold arches onto massive stone pillars as it crosses over the Nishiki River. Whilst beautiful throughout the year, the bridge is particularly attractive during the cherry blossom season in early April. We'll walk over the bridge, and have time to explore **Kikko Koen (Park)**, where during the Edo Period, the residences of the ruling Kikkawa family were located. For castle aficionados you can join a ropeway to inspect Iwakuni Castle - built in 1608, at the beginning of the Edo Period, the site of the castle was chosen for its natural defensive advantages on top of Mount Shiroyama and half surrounded by a natural moat, the Nishiki River. The castle keep is four stories high, and looks out onto the city 200 metres below. Probably a source of considerable frustration for those who built it, the original castle lasted only slightly longer than the time it took to construct it. Being built over the course of five years, the castle was torn down by decree of the shogun a mere seven years after its completion. We then head to Shin-Iwakuni and return to Hiroshima for dinner at leisure and overnight accommodation.

Thursday 2 April 2026 (B) – Okayama Castle, Korakuen Garden, Bizen-yaki ware or Grand Seto-Ohashi Bridge

We join a shinkansen for the short journey to Okayama - visit the beautiful **Korakuen Garden – considered one of the 'three best gardens in Japan'** - located adjacent to Okayama Castle, which can be seen from the garden as "borrowed scenery," **Okayama Castle**, known as "crow castle," gets its name from its black exterior. In the afternoon you have two options - **visit the home of Bizen-yaki** - the old-fashioned art of hand-kneaded ceramic making - which uses neither glazing nor painting. Bizen-yaki is the oldest of the six types of ancient Japanese pottery styles, dating back more than 1,000 years. As Bizen-yaki uses fire (not electricity) the flames in the kiln change the patterns on this simple pottery, and no two pieces are alike. It has been known that Bizen-yaki is so strong that it will not break even though you drop it. It also functions to purify water so flowers in Bizen-yaki last longer, and water tastes more pure. Alternatively, we offer the option to cross the grand Seto-Ohashi Bridge – one of the great wonders of the world – to the island of Shikoku and the port city of Takamatsu. The Grand Seto-ohashi Bridge is a collective term for six bridges that connect Kojima in Okayama Prefecture on Honshu and Sakaide of Kagawa Prefecture on Shikoku. Spanning five islands in the Seto Inland Sea, the bridges took forty years and a tremendous amount of money to build. The bridge is more than thirteen kilometres long and has become a major sightseeing spot. The upper level is the Seto-Chuo Expressway, and the lower for the JR Seto-ohashi rail line. The six bridges consist of three suspension bridges, two oblique suspension bridges, and one truss bridge. They are the essence of all available bridge-building technologies and are most impressive. In Takamatsu we will have around 90 minutes to ascend to the observatory deck of the nearby Sun Plaza, with extensive views over the city and the inland sea. From the port ferries head to myriad islands including Shodoshima, famed for its olive production, and to Naoshima and the art islands, known internationally for the Setouchi Triennale - a contemporary art festival held every three years on the islands of the Seto Inland Sea. (The SJR Autumn Colours tour visits the art islands of the inland sea !) We return to Okayama, and change to our shinkansen for the short journey back to Hiroshima - dinner at leisure and overnight Hiroshima.

Friday 3 April 2026 (B/D) - to the fisherman's village of Kihoku and Kii Nagashima

After bustling cities, we head off the beaten track - first by Shinkansen to Nagoya, and then by limited express train south, to visit the **small fisherman's village of Kii Nagashima** in Mie prefecture. Here you will see and experience Japan most deeply. The local community will show us their daily life and extend hospitality. On arrival at Kii Nagashima we visit an **old residential house** for refreshments, and they welcome us with their fresh smoothie made from produce from their gardens. Explore a traditional merchant's home, and see how Japanese lived 100 years ago. Then we head for our lovely ryokan on the water's edge. Enjoy the relaxing afternoon, a wonderful onsen looking over the sea, and a fine Japanese Kaiseki meal. We stay three nights. Overnight in Kii Nagashima.

Saturday 4 April 2026 (B/L/D) – Kumono Kodo Centre, Kumono Kodo trail and 'Kii Nagashima'

After breakfast (a culinary experience in itself – where you can **select and cook a wide range of locally caught fresh fish, as well as mountain mushrooms**), explore the **fisherman's village guided by local people**. We see the fishermen's houses, their local shrine which is respected as a guardian god by fishermen, and their community centres. Enjoy Japanese tea listening to their story being passed from generation to generation with its **handmade shadowgraph display**. Then experience soba noodle making – you'll get to join in the process of making famous soba noodles, then enjoy them, along with other delicacies, for our lunch – a real treat. As a sweet refreshment we will experience **strawberry picking** - a popular activity for Japanese in spring time – we believe they will be amongst the sweetest strawberries you've ever eaten. Dinner tonight is a wonderful **seafood BBQ with our new local friends** – experience genuine and generous hospitality with the local people and build new friendships with them. Overnight Kii Nagashima.

Sunday 5 April 2026 (B/L/D) – Kumono Kodo trail, Wappa craft and traditional musical performance

Today we explore the Miyama area of this region. We visit one of the sacred pilgrimage routes through Kumono Kodo forest - the pilgrimage road '**Kumano Kodo**' has been used for over 1000 years by all levels of society, including retired emperors and aristocrats. Whilst our walking experience is short, it is challenging, with the forest providing both shade and rewarding experiences for those who partake in the morning exercise. We then visit the home/shop/factory of **Owase Wappa**, the **Japanese traditional bento box made from high quality Japanese cypress** growing in this area. The shaved and boiled cypress are carefully bent and tied with bark from cherry blossoms and then finished with lacquer. There are 45 steps in the total process and the high quality craft has been gifted at important occasions for generations. We rejoin our coach to visit the impressive **Kumono Kodo Centre**. Established in 2007, the centre commemorates the sacred places and pilgrimages in the Kii Mountain Range. Made from more than 6,500 Owase Hinoki (Japanese cypress) the building houses a permanent exhibition on the nature, history and culture of the area. Enjoy a **simple Japanese bento luncheon with local foods**, then experience a **thrilling drum and musical performance by the local community** with young and old alike performing for us. We return to our ryokan where you can enjoy a **traditional Japanese bath overlooking the sea** and a **fine meal using the freshest local ingredients**. We have the opportunity to again dress in Japanese style with yukata for our evening meal together. Overnight at our ryokan in Kii Nagashima.

Monday 6 April 2026 (B) - to Kyoto and Kyoto sightseeing

After a relaxing morning, we farewell our new friends and head to **Kyoto**, the world famous ancient capital city of Japan since the 8th century. On arrival we will store our luggage at the hotel, have a short time for lunch, and then visit where cherry blossoms are best. The order of exploration in Kyoto will depend on a range of factors, however we plan to include the world famous national treasure of **Kiyomizudera Temple** - literally "Pure Water Temple". Founded in 780 it is one of the most celebrated temples of Japan because of its wooden stage supported by 139 giant pillars without the use of nails, and positioned 13 metres above the hillside below. Enjoy the spectacular view of the numerous cherry trees below that erupt in a sea of colour in spring, as well as of the city of Kyoto in the distance. The Higashiyama District along the lower slopes of Kyoto's eastern mountains is also one of the city's best preserved historic districts. **Maruyama Park** is Kyoto's most popular spot for 'Hanami' (cherry blossom viewing parties). There many local people enjoy the once in a year picnic under the trees with their friends, family or work colleagues. After sunset, cherry blossoms are illuminated and the park

will show its different face. In the evening the **Gion district** and **Ponto-cho**, the most famous geisha district, is filled with shops and restaurants where geiko (Kyoto dialect for geisha) and maiko (geiko apprentices) entertain. If you are lucky you may spot them on the way to work. As an option you can enjoy an early **evening stroll along the Kamo River**, or return to our hotel near Kyoto Station for dinner at leisure and overnight Kyoto.

Tuesday 7 April 2026 (B) – Kyoto sightseeing : Golden Pavilion, Rock Garden or Fushimi

Today we'll head to the best cherry blossom sights with historic temples or gardens. An early start to visit **Kinkakuji Temple (Golden Pavilion)**, which is a symbol of Kyoto and one of the historic buildings most representative of Japan. Recognised by UNESCO as a World Cultural Heritage, the reflection of the golden pavilion on the water is striking. Depending upon blossoms we may also visit nearby Ninnaji Temple or Ryoanji Temple. **Ninnaji Temple** - also known as Omuro Imperial Palace as a member of the Imperial Family used to serve as Ninnaji's head priest - has 200 cherry blossom trees in the precincts of the temple. **Ryoanji Temple** is known as Japan's most famous 'rock garden' consisting of a rectangular plot of pebbles surrounded by low earthen walls, with 15 rocks laid out in small groups on patches of moss. The contrast between the grey stones and the pink blossoms is striking. In the afternoon we may stroll along the famed Philosopher's Path and conclude near Nanzenji Temple with its remaining industrial period aqueduct bringing water from Lake Biwa through the mountains to Kyoto. Return to our hotel for dinner at leisure - there are many restaurants nearby that offer quality food at reasonable prices -overnight Kyoto.

Wednesday 8 April 2026 (B) – to Tokyo and the airport

Late morning we join a shinkansen to Shinagawa, and then transfer to Tokyo's Haneda airport. You'll have a short opportunity for last minute shopping, before heading to the airport for overnight flights to Australia.

Thursday 9 April 2026 (B) – arrive Australia

A morning arrival back in Australia and the conclusion of our wonderful cherry blossom tour of Japan by rail.

GENERAL COMMENTS AND BOOKING CONDITIONS

ACCOMMODATION, MEALS AND RAIL TRAVEL

Accommodation is generally in 4 star standard hotels. In some locations the best available may not be 4 star, and in some locations we have selected superior hotels or ryokans as part of the experience of the location. Some nights we have included traditional ryokan accommodation with tatami mat floors and comfortable futon beds prepared on the tatami matting. Shoes need to be removed whilst in the ryokan, in rooms and at meals. Ryokan meals are generally included, and whilst we will aim to accommodate dietary requests, some meal experiences are a traditional Japanese set meal. Meals are included as shown - breakfast is included most mornings, however as a general rule we have not included lunch or dinner when there is a range of options, and you can choose the style and time of dining that you prefer. Meals included are indicated as (B) Breakfast, (L) Luncheon and (D) Dinner. Travel is generally in first class (Green Car) seats, though some services only offer standard accommodation and on some trains Green Car accommodation can be limited – we'll arrange the best seating possible. There is a wide range of options for eating in Japan - from very simple meals to elegant dining experiences, and from traditional Japanese food, through to the very best of international western cuisine. The choice is yours. For lunch we'll identify a number of eating options. Every town in which we stay where dinner is not included has a range of restaurants where it is relatively easy and inexpensive to eat well and enjoyably. Major department stores have food halls with freshly prepared food. Most shops and at all railway stations you can purchase a 'bento' - local take away meal boxes with a fresh range of meats, seafood, vegetables and rice. Bakeries offering tempting fresh items abound, especially at railway stations. Eating and enjoying the foods of Japan is part of the tour experience. You can eat as simply or as lavishly as you wish. Japan is exceptionally clean, fresh food a priority, and preparation and hygiene surpass Australia.

PERSONAL SERVICE AND MEETING INDIVIDUAL NEEDS

SJR prides itself on its personal service and attention to detail. The tour is escorted by the two organisers of the itinerary who have both travelled to Japan many times, or lived in Japan for many years. You are assured of the utmost service and our commitment to your satisfaction. We recognise each guest has different interests, and we will provide the opportunity to allow you to rest from the group, explore by yourself, return to particular places, or visit friends or special sites you've read about – if you wish. If your interests are gardens or castles or scenery, you can tailor your activities to focus on these specific interests. Detailed advice and assistance will be given to help you, and most travel requirements can be made for you.

Fitness and mobility are necessary for participation in the tour. By payment of your deposit and tour fare you confirm that you are of a suitable level of mobility and fitness to participate in the tour, and are aware of the nature of the tour. Whilst it is often possible to use taxis to reduce the distances walked, this option is at your own expense.
